

Finished puppets!

After four months of hard work, twelve Year 6 classes across five schools have put the finishing touches to their puppets and attached the strings! We've heard the same two words from everyone who's seen them – 'fantastic' and 'amazing' – which is a credit to all the hard work that our students and project leaders have put in over the term. Congratulations all round!

Set designs are under way!

With the puppets finished, the classes are moving on to set design in groups. Their giant backdrop canvases were delivered just after the holidays, and it's great to see the teamwork already developing in the groups as they plan their designs.

Next year's projects – it could be you!

We're currently recruiting schools for the 2016-17 academic year – if you'd like to host a project, contact admin@yppt.org.uk or ring 07914 830730. We're particularly keen to hear from schools in the Hertfordshire, Cambridge, Brighton and North London areas, but are happy to hear from any interested schools!
