

Puppets on the move

Over the Easter holidays, five new project leaders attended a puppetmaking camp held in St Albans to learn about how we make our puppets, and to participate in a puppetry masterclass with Ronnie Le Drew in preparation for leading their own projects from September. The puppets produced were stunning and we look forward to seeing their school projects get under way in a few months' time.

Performance dates this summer!

All of our projects this year will be presenting their final performances between 15th June and 15th July; for a full list of dates and times, please see

www.yppt.org.uk/upcoming-events

Semi-stage rehearsals at The Orion School

Although there isn't room in the hall to have the full stage there yet, pupils at The Orion School have started practising on the rehearsal stage supplied by the YPPT, which can be easily set up in a classroom.

School projects for 2016-17

We still have spaces for one school in Brighton and one in Barnet – please get in touch as soon as possible if your school is in either of these areas and you would like to be involved for 2016. Outside these areas, applications have now closed for 2016-17; however, we are happy to hear from schools wanting projects in future.
